Merlin Safety Covers

Secure your swimming pool with a reliable, professional safety cover to protect your investment and your loved ones with a Merlin Pool Cover.

Why Merlin Covers?

- Best *Value* for Investment
- Better materials to withstand the elements
- Covers are *stronger*, look *attractive* longer
- *Convenient* with an ingenious strap and anchor system that allows for easy installation and removal using a specially designed tool

- *Fit*: Computer-aided Design and expert craftsmanship delivers the best fitting covers in the business

- *Special Features*: Specially designed step-riser kits and/or cable systems close up gaps and ensure security for pools with unique construction features

- *Materials*: Specifically formulated, reinforced vinyl or polypropylene cover sheet is supported by nylon-polypropylene straps. The straps are secured to stainless steel tension springs with a stainless steel buckle.

- *Strength*: Heavy duty, triple stitched straps crisscross the pool surface, stretched tight by tension springs anchored in the deck. Although lightweight, Merlin webbing has a break-strength more than three times the government standard

- *Hardware*: Stainless steel tension springs hook over machined-brass anchors set flush in your deck. Springs are attached and removed using a special tool to prevent unauthorized removal

SmartMesh : The Ultimate Cover

- Want to get swimming sooner? This patented cover features high-tech wave that allows water to pass through while blocking sunlight and filtering debris down to 40 microns! Without sunlight, algae can't grow, so you'll open your pool to cleaner water in the spring, maintain your pool with greater ease, spend less on chemicals and extend its life. It's the cutting edge in technology ... the best choice you can make for your pool
